FARMER IS BOUND OVER FOR TRIAL.

H. N. Nickles Must Answer to Charge of Fraud in Circuit Court.

The preliminary hearing of H. N. Nickles charged with obtaining money under false pretenses, was held yesterday before Justice of the Peace J. B. McGuffin, says the Aurora Light and after hearing the state's evidence, the justice bound the prisoner over for trial in the Lawrence County circuit court. Bond was fixed at \$3,000 which the defendant gave.

Three separate counts are lodged against Nickles. The Bank of Verona charges that "he feloniously and by false pretenses" obtained a loan of \$100 there last March, and similar charges and made by the Farmers and Miners Bank of this city from whom Nickles obtained a loan of \$800 the same month. The proprietors of the Spring River Garage at Verona and who allege the methods were used by Nickles in purchasing an \$800 motor car from them. This transaction occurred last April.

When Nickles was arrested several days ago he was unable to give bond and was transferred to the county jail, at Mt. Vernon. Later he gave bond in the sum of \$3,000. After the hearing yesterday, Justice McGuffin fixed the bond at \$1,000 on each account which was promptly furnished by some of Nickles' friends. Nickles has been living on a farm a mile and a half west of Madry.

STATE TO BE RUN ON CASH BASIS

Gardner Will Propose Bills for Expenditure of Money Not in Sight.

Jefferson City, Mo., Feb. 26.—The state must be maintained on a cash basis, Governor Gardner said today in a conference with newspaper men. He declared he would oppose all legislation calling for expenditures not provided for in the revenue bills. He showed how he hoped the three million dollar deficit for the biennial period on account of the loss of liquor revenue would be made up under his plans, estimating changes in the income tax would add \$750,000 annually; the corporation franchise tax \$350,000; the mortgage recording tax \$200,000; soft drink tax, \$150,000 and the tax on slot machines, candy, etc. 1100,000, a total of \$1,550,000 yearly. Indorses Road Bills.

The Government indorses the Morgan-McCollough road bills providing apportionment of the state federal road money to counties for construction of a 6,000 mile system of improved highways in the next three years. He said the state would have funds for paying from the money from a bond issue to be voted in 1919. He favored one executive head for the road work to be appointed by a bipartisan board.

Solution of the tax problem in Missouri became a conspicuous matter today, following the organization meeting of the state board of equalization.

JAY B. IDEN WITH COUNTRY GENTLEMAN

Jay B. Iden, who has been writing for the Kansas City Star for several years, has accepted a position with the Country Gentleman at considerable raise in salary.

Mr. Iden's many friends here will be glad to know of his advancement. He is truly self-made. He left school before he reached the high school and he has secured his education by his own efforts. He received little encouragement in his literary efforts at the beginning of his career, but persisted until the value of his poems and country "stories" was recognized by the Star.

His poetry, somewhat in the style of Eugene Fields, has touched the hearts of many. For the past few months his work has been along the lines of farming, hunting and trapping stock raising, etc. He has made personal visits in the sections of which he writes and by adroit interviewing he manages to get the "local color" which makes the articles so interesting and popular.

As Mr. Iden was a school boy at Monett his advancement is watched with much interest by Monett people.
